

We help focus your vision and make it a reality.

Our clients view us as their “go to” people. Often, they are planning or undergoing large, complex change efforts and need our senior-level expertise to help them spark new ideas and approaches.

They rely on us to help them quickly define their vision, align their team and move from idea to action. **Our team works with you to reveal challenges, translate them into opportunities and light the way for your success.**

Our services

 **Strategic Communications**

 **Organizational Change Management**

 **Program Management**

 **Leadership Strengthening**

 **Team Development**

 **Marketing + Communications Effectiveness**

How we work

- **Align the right resources.** We hire exclusively from our trusted professional network, and we align experts with 15-20+ years of experience to meet each specific client needs.
- **Listen and learn.** We listen and understand the complexities our clients face – fostering long-term relationships while developing a deep understanding of how their organizations function.
- **Create.** We design strategies and plans that are innovative and actionable.
- **Execute.** We work seamlessly with your team to drive execution.

What makes us unique

- Genuine passion to help our clients succeed
- Top-notch strategic planning, execution and specialized knowledge in:
 - Technology launch/IT enhancements
 - HR program and policy change
 - Organizational restructuring
 - Vision and strategy development
- Senior consultants with extensive experience and bright ideas - who roll up their sleeves and get things done
- Handpicked team members aligned with clients and projects, based on their unique perspectives and skill sets

We enjoy building relationships while having fun at work!

In a recent Dun and Bradstreet Survey, 100% of our clients said they would recommend LEA Consulting Group to others.
